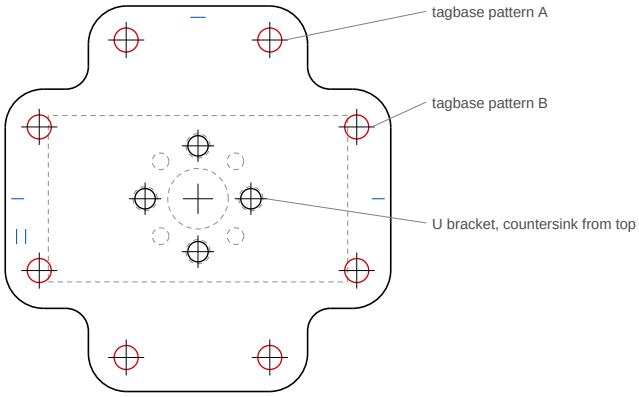
ActivityTestStand - teststand-adapter-plate - 1:1, 1/8" acrylic

Print at 100% (Actual size, no fit-to-page). Check both scale bars before using.



- black: plate outline and 2-56 clearance holes (cut to size)
- red: insert holes at final 1/8" (laser 0.118", then drill)
- blue: engraved placement outlines and the tilt axis
- grey dashed: the U bracket base, its ring holes and Ø8 centre

Origin cross (0, 0) is the U-bracket ring centre. x runs along the tilt axis. From Mechanical/ActivityTestStand/teststand.py.
